

Raise money for your school or nonprofit organization!

American Saver – An annual

membership offering **tremendous savings** to consumers via app

- Your organization receives substantial revenue from each membership.
- We offer an online program making it easy to promote your fundraiser — we provide the tools at no cost to you...you only send a provided message to your email list.
- Your recipients receive a special “thank you” gift, (a \$30 value) for their donation!

It's simple... and it's a **WIN-WIN-WIN!**

- **Schools & Nonprofits WIN** as they raise money for their programs. When members renew the following year, that revenue is theirs as well!
- **Consumers WIN** as they save money by shopping, dining and using services at participating national and local businesses.
- **Merchants WIN** as they increase sales and get return business.

Over 300,000 discounts coast to coast . . .
with more national brands and local businesses added **every day!**

- **American Saver is different than other discount programs** because with most of the deals, there is no limit to how many times American Saver members can use their membership / app and save at a participating merchant.
- Businesses offer specific discounts (valid for one year) and members simply show the American Saver offer on the ~~NO BILLS~~ mobile app to receive the savings. No cards to punch or bulky coupon books to carry around. Members can use their American Saver app at most participating businesses as many times as they like and their savings are unlimited.
- The list of participating American Saver merchants continues to grow daily, so this is one program that keeps getting bigger and better. American Saver members can take advantage of new merchant offers immediately.

Get started with your fundraising **today!**
